## 45 ENTRIES RECEIVED ON THE CLOSING DAY OF SERVANT CONTEST

Total of 700 Entrants Will Be Classified and Tabulated for Prize Distribution.

With forty-five entrants on the last day the domestic service contest of the District of Columbia Federation of Women's Clubs, is closed.

The total number of entrants, now in the hands of various members of the home economics committee for tabulation, reaches 700. Of these some are not eligible since the domestics entered are not with families in the District or any longer in active service.

By far the larger number of entrants are competitors for the first prize of \$100 offered by the Federation. This prize is for the domestic longest in the service of a single mistress.

**Other Prizes Offered.**

Another prize is offered for the domestic who has been in a single family but employed by several members of that family. A third prize is for the domestic born a slave who continued to live with the family to which she belonged before the war, and the fourth prize is for a man longest in domestic service.

Mrs. J. Edson Briggs, chairman of the home economics committee of the federation, who received the entries, offered one prize and a member of the Association of Oldest Inhabitants offered another, following the announcement that The Times would give the first prize.

**To Be Tabulated.**

For the rest of this month the names will be tabulated, and candidates who seem eligible for prizes will be interviewed, and their exact time of service ascertained.

Mrs. Briggs leaves for a visit to New York tomorrow, and active work upon determining awards will be suspended until her return.

Early in December a meeting of the home economics committee will be called to go over the tabulated lists of employees in the various classes.

Entries closed yesterday and further entrants will not be counted.

The question of the enactment of legislation for compulsory arbitration of labor disputes was debated at the last meeting of the society, the affirmative winning. ## ALL-STORY WEEKLY INTERESTING NUMBER

"Too Much Efficiency" Is Newest Serial to Be Started.

The efficiency expert had just declared that he could put any old-fashioned business on its feet and increase its earning capacity.

"You can't reform the business of running an American household," retorted his well-pleased customer.

Whereat the expert, after a blank moment, took him up, and—well, the result is cleverly worked out in E. J. Rath's interesting story, "Too Much Efficiency," the first installment of which appears in the latest issue of the All-Story Weekly.

It is undoubtedly one of the best stories that Mr. Rath has ever written. Besides this new story and the three continued, "Out of the Air," "The Black Cloud," and "On a Stallion Shod With Fire," the issue also contains a novelette, "The Man Who Borrowed a Reputation," by John Fleming Wilson, six short stories, and miscellaneous verses.

## Ejected, Shoots At Car.

A colored man, after he had been ejected from a City and Suburban line car at Tenth street and Rhode Island avenue northeast, by Conductor Hunter Garland, shortly after 9 o'clock last night, fired a shot at the car. The bullet broke a window but did not strike anyone. The negro disappeared.

## Willow Asks For Estate.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients, and are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.—Adv.

## UTILITIES BOARD IS SILENT ON CITIZENS' TRANSFER APPEAL

Commission Still of Opinion That Subject Presented to It Is Rate Question.

Other than to reiterate their statement regarding universal transfers, which is that it is a rate question to be determined following the hearings on the valuation of the street railway companies, the Public Utilities Commission today declined to comment on the petition filed by the Federation of Citizens' Associations urging immediate action. A formal reply will be sent to William McK. Clayton, chairman of the citizens' committee on public utilities.

The position of the commission with regard to the act of August 2, 1914, which the federation contends provides for universal transfers, is set forth in a letter addressed, under date of June 22, 1914, to Charles W. Darr, chairman of the citizens' conference on public utilities.

## PLAYGROUND ELECTS BERNARD MCCARTHY

Recount Shows Miss Royce Lost By Two Votes.

Miss Rose Royce, the suffragette candidate for president of the Universal Club of the Georgetown Playground has failed to be elected on last night's recount of the ballots cast two weeks ago. Bernard McCarthy, the anti-suffrage candidate secured the office by two votes.

The contest which has been going on for over a month culminated last night in the announcement of the election of Mr. McCarthy. The ballot two weeks ago had been favorable to Miss Royce by one vote, the deciding factor being the vote of Miss Mary Ford, who was aroused from bed to come to the polls.

Each party was supported by both sexes. Others who were elected beside Mr. McCarthy were Carroll Daly, who succeeded Miss Whitcomb as vice president; Ralph Wise, defeating Frank Haneke for secretary, and Jack Kraft, who defeated Thelma Chamberlain for treasurer. Miss Nannie Wallen has been chosen press representative.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, colds on the chest (it often prevents pneumonia). ## WORK OF SUMMER CAMPS IS OUTLINED

Reports to Associated Charities Board Show 1,056 Mothers and Children Cared For.

The results, in cold figures, of the work of the Associated Charities' summer camps for children this summer were presented at a meeting of the board of managers yesterday afternoon.

At the three camps, Camp Good Will, Camp Pleasant, and Baby Hospital camp, a total of 1,056 mothers and children were cared for, 181 of these being mothers. These figures do not include 25 readmissions of those who needed longer care than the regular two weeks allowed at Camp Good Will and Camp Pleasant.

The total amount of receipts for the camps was \$13,384.33, the report of the treasurer, Capt. Andrew Parkes, showed, while \$12,918.34 was expended. This latter sum included \$2,443.31 spent for special equipment and repairs at the three camps.

## Letter to Mr. Darr.

In this Mr. Darr was informed that the commission has been advised by its general counsel that the act of 1914 cannot be construed as requiring free transfers of street railway lines in the District.

"The commission finds," it was added, "no law on the statute books requiring free universal transfers, and under the authority and responsibility conferred by its organic act to enforce all existing laws the commission is therefore unable to require the street railway companies to furnish free transfers."

The commission is clearly of the opinion, however, that under the general authority granted by its organic act it has power to require the issuance of free transfers, provided it bases such an order on equitable grounds.

## Constable Act of 1894.

Officials of the Washington Railway and Electric said today that the act of 1894 was construed by them to mean the issuance of transfers between the lines of its own system, of which the Metropolitan Railroad is now a part, and that it did not extend to a competing line.

Each party was supported by both sexes. Others who were elected beside Mr. McCarthy were Carroll Daly, who succeeded Miss Whitcomb as vice president; Ralph Wise, defeating Frank Haneke for secretary, and Jack Kraft, who defeated Thelma Chamberlain for treasurer. Miss Nannie Wallen has been chosen press representative.

## ATTACK ON 8-HOUR LAW MET SQUARELY

Government Officials Confident Court Fight on Adamson Statute Will Fail.

(Continued from First Page.)

that the Treasury Department, at request of General Goethals, has set aside some of the Federal offices in New York for use of the commission, appointed to study its effects.

It is gathering preliminary data, will soon name a Washington man for secretary, and will be ready for business when the law goes into effect just when the commission will begin hearings is not decided.

At the same time the appearance of the four railway brotherhoods will address the American Federation of Labor convention here within a week, probably Monday or Tuesday, on the eight-hour day principle. Their appearance is expected to inaugurate a concerted fight for the recognition of eight hours as a working day for all classes of employees.

## NEW TURKISH ENVOY IS EXPECTED BY U. S.

The State Department is daily expecting to receive word from the Turkish government of the appointment of a new ambassador to the United States. It was learned today.

When Ambassador Elkus left for Constantinople to take his post, he was instructed to intimate to the Turkish foreign office that the United States was desirous that a new ambassador be appointed. The department has since received word that the Turkish government is considering the subject.

The present Turkish ambassador, A. Rustem Bey, has been absent from post since shortly after the outbreak of the war. He was unofficially called home on account of an interview he gave reflecting upon the American Government.

## Encouraged by President.

Labor leaders, it was said, have been encouraged by recent statements of President Wilson that the eight-hour day was "inevitable."

They expect to stand behind the Government in its fight to prove the constitutionality of the Adamson eight-hour law. When the brotherhood leaders address the federation it is believed they will make a formal adopted tending to force the eight-hour day by the pressure of all the organized workers of the country.

## Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.

Years of awful suffering and misery have taught this man, Mark H. Jackson of Syracuse, N. Y., that there is a home cure for rheumatism, and he has given him sympathy with all who are afflicted with this terrible disease. He has given his name and address to a number of people who have been cured. Read what he says:

"I had Sharp Pains Like Lightning Flashes Shooting Through My Joints."

"In the spring of 1908 I was attacked by rheumatism. It was a terrible affliction, and I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but nothing seemed to do me any good. Finally, I found a remedy that cured me completely, and it has never returned. I have given this remedy to a number of people who have been cured. Read what he says: 'I had Sharp Pains Like Lightning Flashes Shooting Through My Joints.'"

## Why Suffer From Migraine or Sick Headache?

Dr. J. Caldwell says that this exceedingly distressing disease does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack should ease the pain and bring rest and quiet. Anti-kamnia tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all Pain.
